Happy Tuesday Terps,

I hope you're excited because **CLUB RUNNING PRACTICE BEGINS IN 1 WEEK!** We know that especially for new members the first week of class can be a lot of new stuff, so if you can't make it to practice until later in the semester do not worry! All of our practices are optional, and we usually don't have practice the first week of school but due to a changing meet schedule we decided it was needed this semester. **If you're new to the club, or haven't done this step yet, we have a new email list and a new group for the 2025-2026 school year!** This email is sent to both the new and old email lists, but **soon emails will only be sent to the new list so make sure to sign up!!! Here are the sign ups**, email list: <https://forms.gle/kGXB5WKswKaTAsVw7> group me: [https://groupme.com/join\\_group/108665912/yF0Y8FZw](https://groupme.com/join_group/108665912/yF0Y8FZw).

We have a lot of fun stuff starting very early in the semester and the best way to hear about it is in the group me or on the email list! In addition to those sign ups please remember that **everyone is required to sign**

**up on IMLeagues for the 2025-2026 school year!** If you haven't done this yet you can sign up using the link in our **new info doc** here: [FA25 Maryland Club Running Information](#)

Aside from that important update we have a lot of exciting stuff coming up, read about it below!

## Table of Contents

1. Practice (**Starts September 2nd**)
2. Time Trial & Pancake Breakfast (**September 6th**)
3. New Member Information
4. Tentative Meet Schedule (Including first annual xc home meet!)
5. **Football Catering (Need volunteers for August 30th!)**
6. Summer Break Activity Spotlight

## Practice

Practice will start for the fall on the first day of classes, **September 2nd, at 5:00 PM**. Practices are optional for all our members so come as often or little as you are able/desire, we'd love to see you there!

Same as last year **we will meet at 5pm every Monday-Friday** (Until daylight savings ends and practice switches to 4pm). Distance runners will meet at the [School of Public Health Overhang](#), (38.99334, -76.94220) and sprinters will meet at [Kehoe Track](#) unless otherwise noted, (38.98765 -76.95096). If you're having any trouble finding the overhang or the track then slide us an email, Instagram dm, or GroupMe message

We only have one requirement for people attending practice, it's very easy but important! Please make sure that you are signed up on IMLeague so we can make sure everyone is safe and accounted for. If you have any issues or questions please let us know! Note: If you're under 18 when you join the club there's an extra

step to sign up, it's easy but might be slightly confusing. Come talk to an officer at practice and we can help you get signed up!

## Time Trial & Pancake Breakfast

**On Saturday September 6th we will be kicking off our fall season with the time trial!** This is a very fun, free, and lowkey way to get your feet wet racing with the club. We will be running a scenic 5k course at Buddy Attick Lake Park, a short drive away from practice. We'll be arranging carpools so if you're transportationless no problem! We strongly encourage all new members to come and try it out since it's a very low stress event and a great way to get to know all the other new members! The sign up information will be sent out soon but for now just plan to meet at the School of Public Health (Where distance practices) at 8am on the 6th! Be on the lookout for the sign up because it will close on Thursday September 4th!

**After the time trial we will be having the beloved Pancake Breakfast!** It will be at a very nice and new house just a stone's throw from campus at [8404 48th Ave, College Park](#). Cars will drop off any time trial runners that don't want to attend the pancake breakfast and then bring the rest straight to 8404! **Come eat some pancakes, drink some orange juice, and hang out with your teammates (Maybe a round of spikeball too?). Additionally anyone who can't or doesn't want to attend the time trial is more than welcome to come to the Pancake Breakfast!**

## New Member Information

The start of the new school year is a great (at least top 5) time to join the club! If you are new to the club or considering starting to come to practice then congratulations, you have taken the most important step towards staying in the loop. We send out all official communications through our weekly emails. Joining a new club can sometimes be overwhelming so **we have compiled all of the necessary information about Club Running in this [information document](#)**. This document has been updated for the new school year. New members, please take a look at it and do not hesitate to reach out with any questions! Current members please share this link with any friends that you are trying to introduce to the club! Always remember, while our club gets competitive, it is also fun (arguably more important), practices are never required! We know everyone has a lot going on but if you can make it out a couple times a week that is so

much better than not at all. (Our current president Evan Masiello regrets not going to practice his first semester even though he could only make it on Fridays) Also, if you show up to SPH or the track you will always have people to run with! There is a wide variety of skill and experience levels on the club and there's room for everyone!

**Info Doc!**

Some important groundskeeping stuff, to be registered for the club you must sign up on these two university websites:

1. [IMLeagues](#) - This website is an ad-ridden nightmare that sadly all members must re-register on at the start of every school year. Make sure you complete the concussion quiz, and fill out the emergency information form.

2. [TerpLink](#) - This only needs to be done once when first joining the club, after that you're good!

The detailed instructions on how to sign up on these two websites can be found in our updated [information document](#).

Additional ways to stay connected with the club include [GroupMe](#), [Strava](#), and [Instagram](#). Also check out our website! [umdclubrunning.com](http://umdclubrunning.com)

## Football Catering (August 30th!)

This fall Club Running will once again be catering the Mezzanine Boxes for all UMD home football games!

This is very exciting for us because it's a fun way for us to help fund all of the exciting things that we do during the year. **Not only is it fun, but we also humbly require that all competing members of the club complete two fundraisers for every semester that they compete, and for the fall our primary fundraiser is catering the football games.** It is very easy, all you need to do is write down orders and bring the fans in your section food from the kitchen (Absolutely no cooking required and you're free to feed yourself as well). **You get a great view of the game from the box seats and, after you fulfill the fundraising requirement of two games, you get to keep all of your tips!** Please sign up for any games that you would like to cater, but we **especially need people to cater the first football game of the season on Friday!!!** If you have any questions about catering please reply to this email or reach out to Ryken Mak, the fundraising treasurer, at 510-826-9534!

**Sign Up!**

## Summer Break Activity Spotlight!

We know that our club is a group of very active people who lead exciting lives. If you did something fun or interesting during the summer we'd love to showcase it on the club instagram! Please fill out this form and help us show the world how wonderful you are!

**Fill it out!**

## Training Plans

While never required, workouts are an important piece of training for those who wish to compete with us.

Even if you don't want to compete, hopping in a workout is a great way to challenge yourself and become a better runner. As always we will have two recommended training plans: A distance plan and our sprinting training plan. These workouts are suggestions so feel free to modify your training as you see fit. **During the cross country season sprinters and field athletes obviously can unfortunately not compete in their usual events, but we still host practices every day and have a sprints training plan for the fall!**

If you have any questions about the workouts please reach out and we can put you in touch with the creator of the plan you're looking to follow. It is important to note that these plans are best paired with some good base mileage during the summer and early in the semester!

**Distance Plan**

**Sprint Plan**

Excited to see you soon,

Evan Masiello
